PRESIDENTS REPORT AGM NOVEMBER 26th 2017

Firstly I would like to thank my Vice President, Treasurer, Web Master, NCRS Chapter Flight Officer, Secretary and Editor and Membership Officer. You all have done a fantastic job in this past year, thank you very much.

Our membership is holding it's own and the Chapter, as you will see in the Treasurers Report, is in a very sound position.

We have held Chapter Meets this year in Brisbane, Perth and Sydney with a good support of our Chapter Members in these regions.

Next year we will be supporting the Western Australian Corvette Car Club, who is holding the National Convention in Perth next year.

Corvette Central has decided to be a Silver Sponsor for this event and both Scott & Pam Kohn will be attending this Meet. Also at this same event, our good friends Scott and Kay Sinclair from Canada will also be travelling over to join us at this event.

We have also put our hand up to assist the Southern Arizona Chapter in running the NCRS National Convention in Las Vegas next year.

At the present we have a small group of members who have indicated that they will be travelling over to assist them.

We also will be joining the Rocky Mountain Road Tour from Denver to Las Vegas.

If anyone is interested in joining us, please let me know and I will give you the relevant information.

At this AGM, in General Business, we will be discussing and approving Chapter Meets for next year. I would hope to have a Meet in Perth, Brisbane and Sydney. There will be more information about this in the next Newsletter.

Secretary's Editors Report

Secretary and Editors Report for AGM November 26th, 2017

Secretaries Report:

We have been receiving Newsletters from South Australia, WA and NSW Corvette Car Clubs.

The only outgoing correspondence has been to the NSW Corvette Club and the WA Car Club offering our support in the form of monies towards trophies to the Show N Shine events at the Nationals.

Also, our activity report to the JLT Pty Ltd for our Club Insurance, along with the report to the NCRS Board of Directors, on our Chapter and the Report on our Chapter to the Fair trading of NSW . Where we have complied in all 3 cases in there requirements .

We have had a good year in events and participation of the Members. It looks like next year will also be as eventful.

Editors Report

We have had a good year with our newsletters, as I have stated in all of them that without your input of editorials and photos, it is hard to publish an interesting Newsletter.

So, once again, please send me something so I can enter it in the Newsletter.

Look forward to receiving some data.

Thank you,

Wendy Forman

Vale Fletch

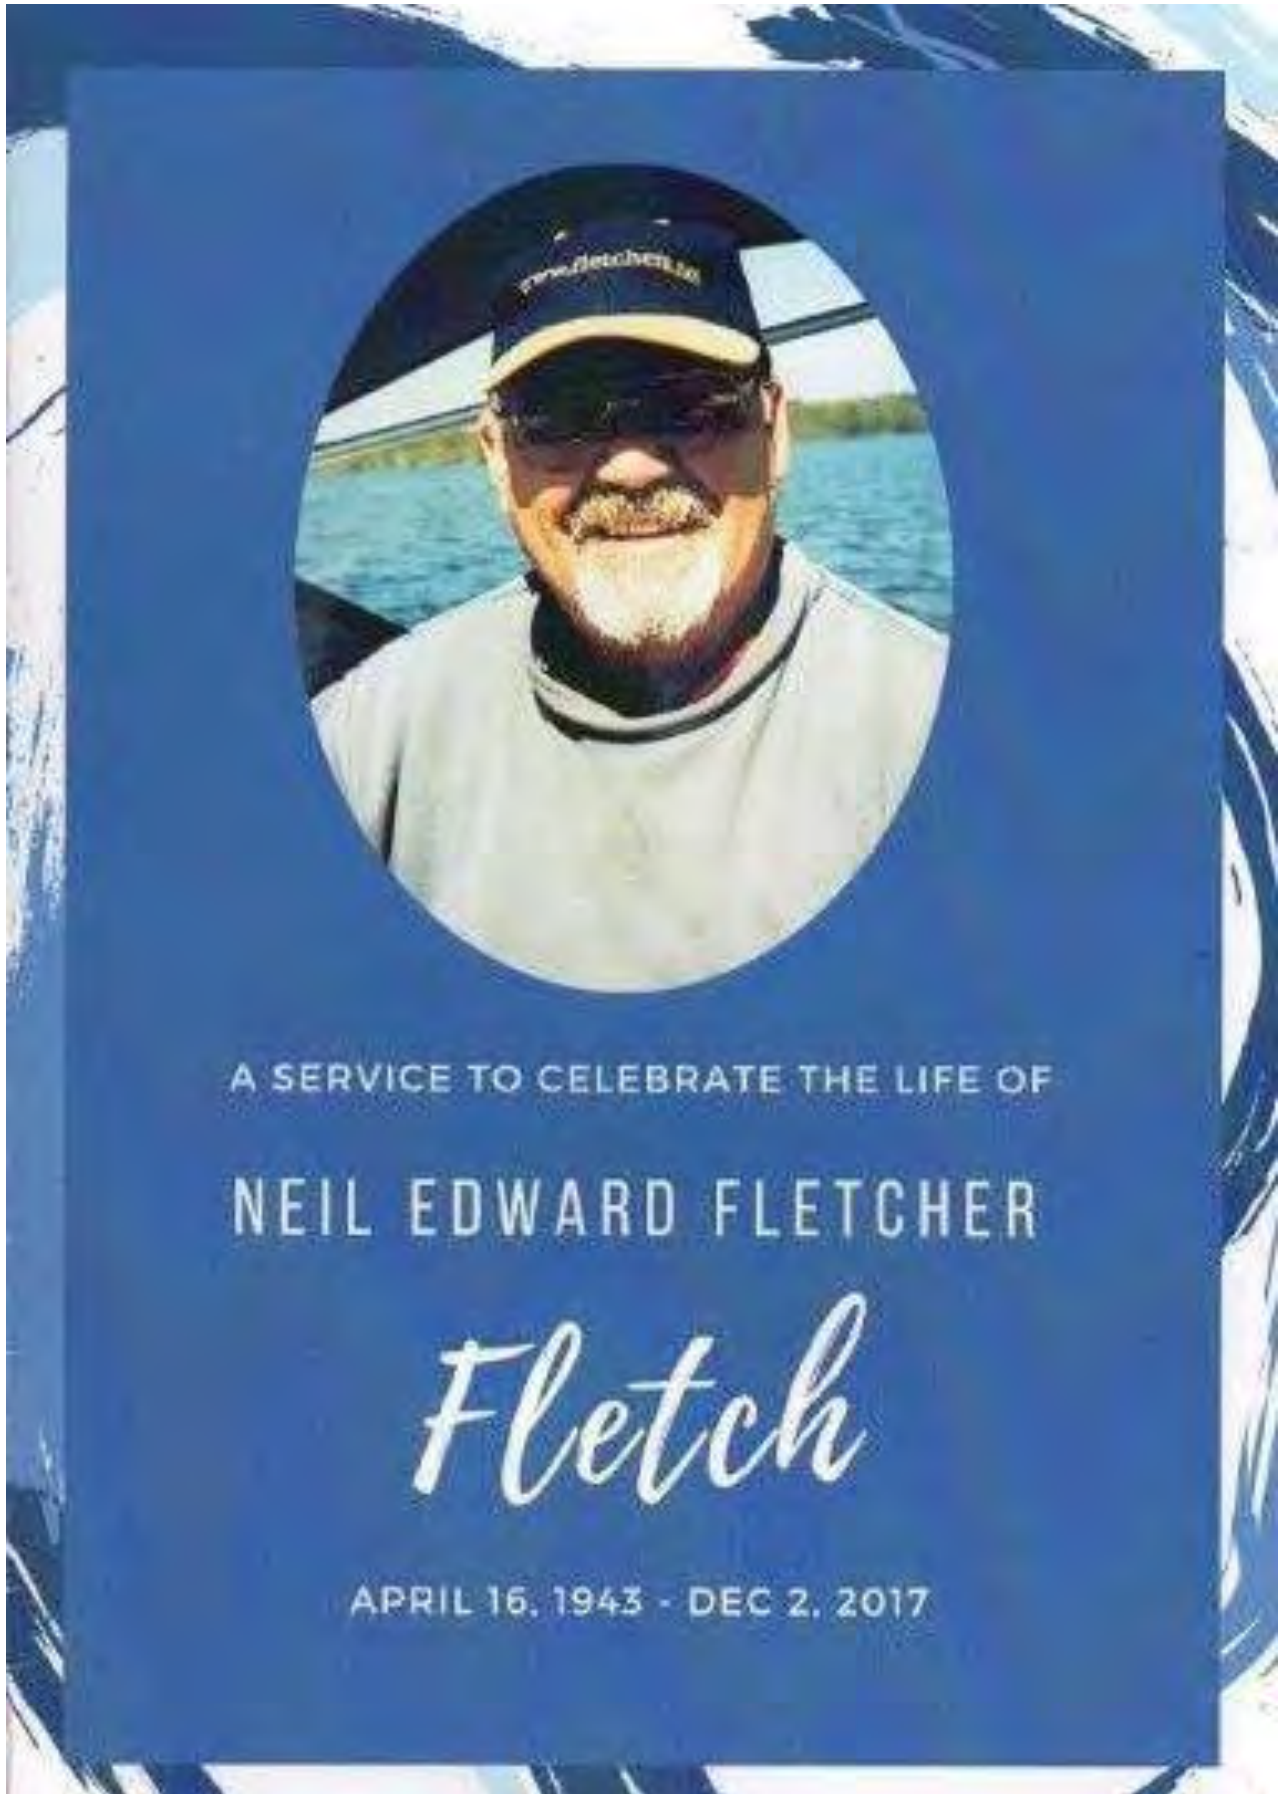

It gives me great sadness to inform you that the passing of one of our Founding Members Neil Edward Fletcher, affectionately known as “FLETCH”.

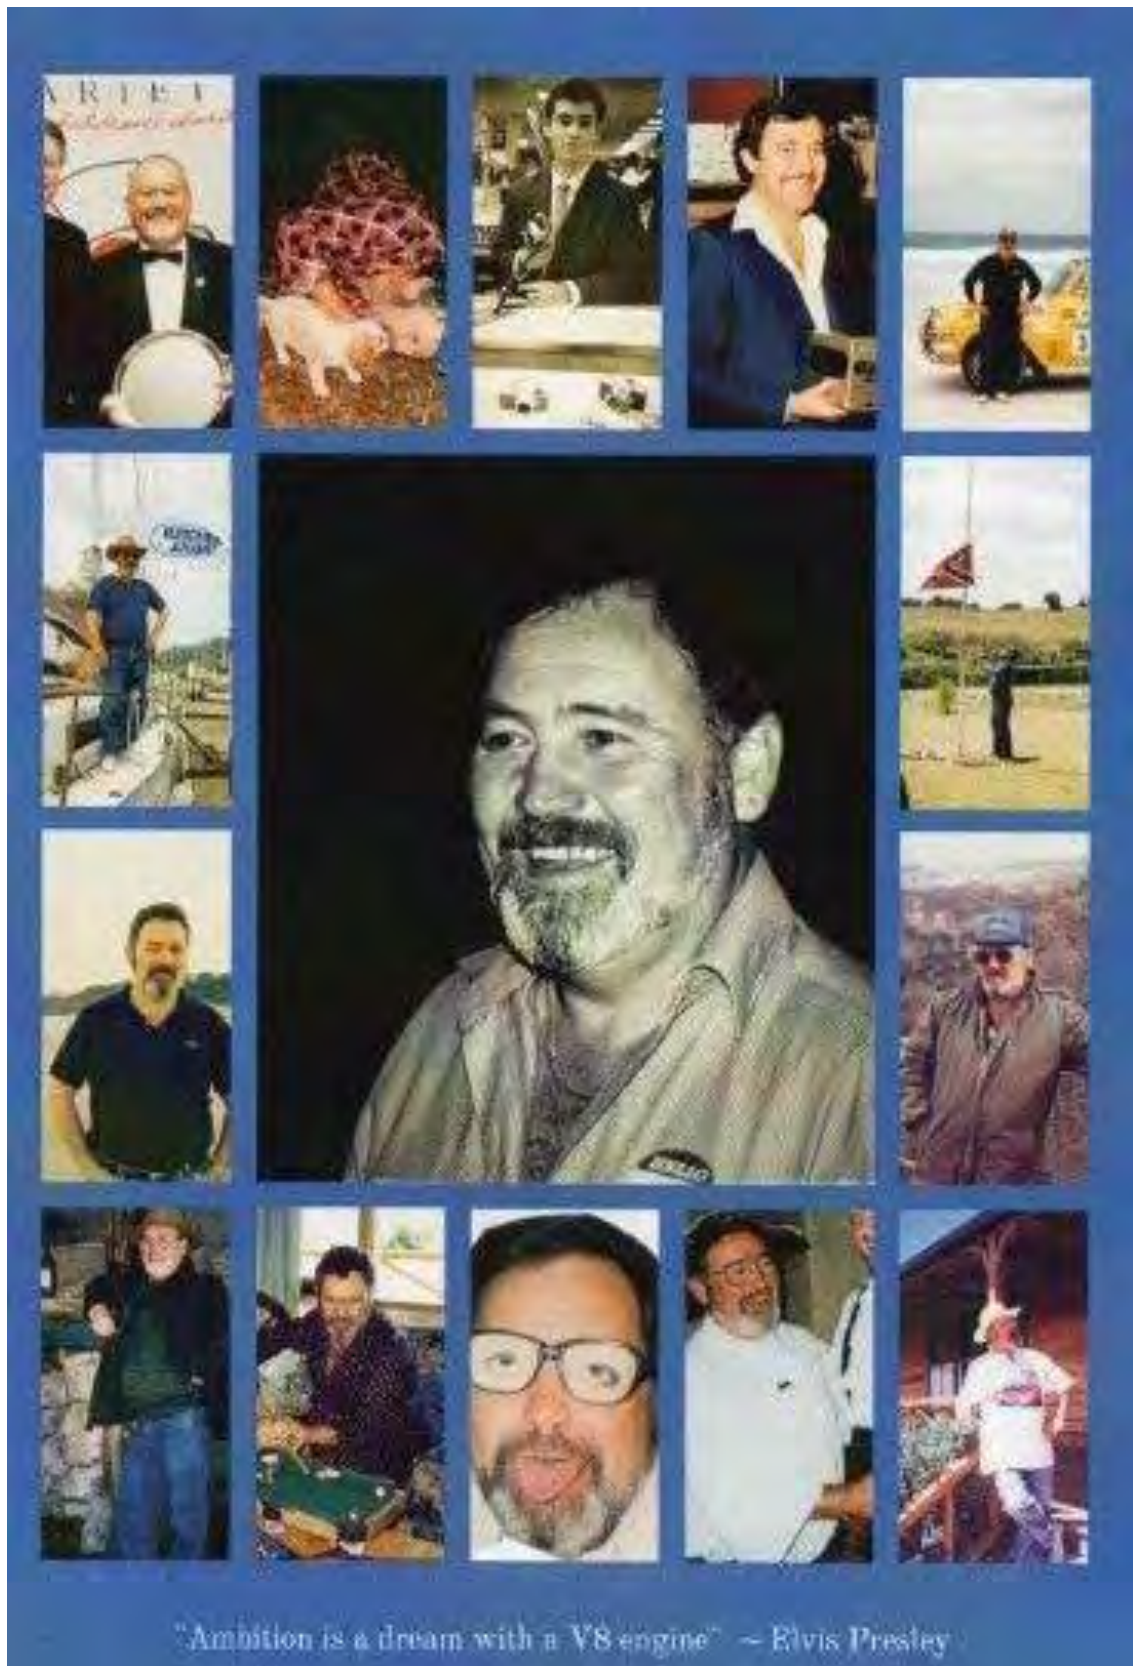

He was full of life and always had a joke or ten to tell.

He will be sadly missed, by his family, friends, associates and NCRS Australia

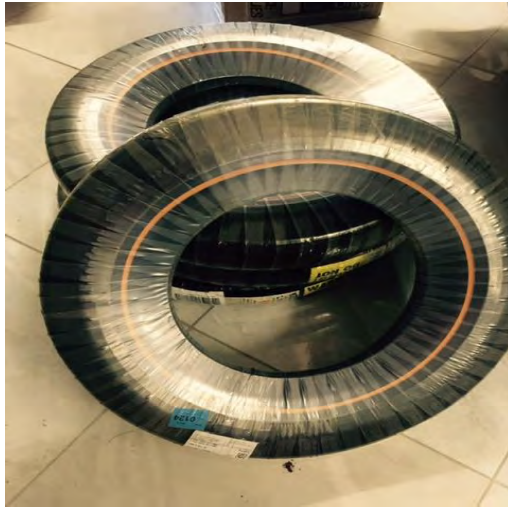

May he rest in peace, I hope they have a good sense of humour up in Heaven with his jokes.

Dear stakeholder

Classic Vehicle Log Book Trial

I am writing to you today to provide an update on the Classic Vehicle Log Book Trial, which came to the end of its two year trial period on 30 September 2017.

We are pleased to let you know the preliminary evaluation determined the Log Book Trial be extended for two years.

The extension has already taken effect immediately from 1 October 2017 and will end on 30 September 2019.

This extension will:

- Allow classic vehicles under the Historic Vehicle Scheme (HVS) and the Classic Vehicle Scheme (CVS) to continue to be driven for 60 days of general use (for maintenance and personal use) over the course of a calendar year, in addition to club organised events.
- Allow CVS members to participate for a longer period in the Log Book Trial given the CVS was introduced in December 2016
- Enable Roads and Maritime to conduct more detailed data analysis and engagement with key stakeholders to determine if the arrangements available under the Log Book Trial require adjustment for the Log Book to become a permanent feature
- Give members of the HVS additional time to evaluate the Log Book Trial within their respective clubs.

Details on how to apply and opt in to the log book trial can be found on the RMS website at <http://www.rms.nsw.gov.au/roads/registration/get-nsw-registration/classic-vehicles/log-book-trial.html>

Yours sincerely

Breaking News 2017 Car Imports

Government to Consult Stakeholders on Exposure Draft of Road Vehicle Standards Bills\ MEDIA RELEASE 13 December 2017

The Turnbull Government has today released exposure drafts of a package of legislation that will modernise and strengthen the laws governing road vehicles when first supplied to the Australian market, along with a draft of the Rules to be made under the legislation.

The Road Vehicle Standards Bills are designed to maintain and improve vehicle safety while expanding consumer choice and reducing red tape.

This legislation will replace the existing Motor Vehicle Standards Act which has been in place for nearly thirty years and was written at a time when much of today's vehicle technology was not available.

The new legislation, to come into effect from 2019, will provide a modern, strong regulatory platform for vehicle standards that will better protect the community, provide more choice for specialist and enthusiast vehicles and be responsive to emerging technologies.

These reforms will save businesses more than \$68 million a year in regulatory compliance costs—a significant saving on annual regulatory costs under the current framework which stand at around \$250 million per year.

It will provide increased consumer choice through expanding and improving the pathways for importing specialist and enthusiast vehicles—including performance, low emissions, and mobility access vehicles.

The Bills will also give the responsible Minister strong powers to mandate the recall of vehicles if serious safety issues arise. The powers will apply to all road vehicles supplied in Australia, whether for private or commercial use, providing the Commonwealth Government with the necessary powers to uphold our national safety standards.

This legislative package is the most important set of changes to the Australian Government's regulation of motor vehicles in almost three decades. So it is important we take the time to consult on the details with interested stakeholders—including the automotive sector and consumers—before the Bills are debated in the Parliament.

The Bills will be introduced and debated in the Parliament in the new year, and stakeholders will be asked to provide their feedback on the exposure drafts of the Bills and the Rules by mid-February 2018.

The Road Vehicle Standards package of Bills and information on the consultation process can be found on the Department's website
