Presidents Report - Murray Forman

PRESIDENTS REPORT JANUARY 2015

We hope you all had a very Happy Xmas and a Happy New Year

We are starting off the year with some events for you to participate in.

Wendy and I will be flying to Perth on March 12th and returning to Sydney on March 16th. We will be attending the Perth Chapter Meet, which will be held in the Tradewinds Hotel, East Fremantle, which is where we have held previous Meets and found the facility excellent. If you wish to join us, please contact me so I can make the arrangements.

This year the NCRS National Convention is held in Denver CO. One of our American Chapter members Norm Shier, is doing a private road tour from His home in Bethel Island California and ending up in Crested Butte Colorado then joining up with the Rocky Mntn Chapter Road Tour. There is an article in this Newsletter with the information, if you wish to join them on that tour. There are already some Australian and NZ members on that tour.

Just a reminder that Renewals are due at the end of this month (January), further information about this is in this edition in the Membership Officers Report, by Joe Caruana. So, please if you intend to renew this year, please put it high on your priority.

As stated above, the National Convention is in Denver, which Wendy and I will be attending. If you wish to join us please contact me and I will assist you with any questions. It is always great to have a strong contingency of Chapter members attending these events to represent our Australian Chapter.

Our membership has remained the same, losing some and gaining others.

We are also in a satisfactory financial position, but in talking about both these areas, we can't be complacent in this area, so we need to work on them both to improve the Chapter.

We now have a Calendar in the Newsletter about all our events that are on this year, so please use it and come along and participate in your Chapter

Murray Forman,

President NCRS Australia Inc.

In addition please consider partaking in our 2015 NCRS AUSTRALIA ROAD TOUR to the Nations Capital prior to the Convention.

Commencing Tuesday March 31st from Kurrajong & arriving at the host hotel "Pavilion on Northbourne" Canberra, on Friday April 3rd a.m.

See separate itinerary in this edition. Any questions please contact me on mb# 0409 409 599.

SECRETARIES REPORT JANUARY 2015

Hi everyone, I hope you all enjoyed your Christmas and New Year break. There is not a lot to report because of this holiday break, we received some incoming mail from the Royal Flying Doctor Service being our nominated Charity, wishing us the best for the festive season and hope that we will continue to support them, which I am sure we will.

The Corvette Club of South Australia Inc. sent us their Newsletter as well which is really informative, thanks to the committee it is a good editorial. If you require a copy of their magazine, I can scan it and send it to you.

Once again I am looking forward to this years events, Murray and I have a full travel calendar but I am sure there will be more to come this year, so please support your Chapter and participate in these events.

Editors Report – Wendy Forman

EDITORS REPORT JANUARY 2015

This is my second edition as Editor and I know we have just come through the holiday season, where a lot of you Chapter Members must have been on holidays, wouldn't it be nice if you could just sit down and do a small editorial with some photos and share your experiences with other Chapter Members, as Editor it is hard to produce a newsletter without any input from you guys, so please take the time and share your photos and stories for me to put in the newsletters. On that note, I have decided that each month there should be a **“Car of the Month”** on the front cover. If you would like your car on this page, please send me a photo and some information on your car, I will be glad to show it off for you.

I am also starting up a **“Sales”** section so if you have any item (Corvette related of course), please send me a photo and info and a contact details and I will be happy to add it to the Newsletter.

Looking forward to receiving your input, please send it to eagleviews@bigpond.com.
Thank You, Wendy Forman, Editor.

Norm Shier Road Tour 2015

NORM SHIER ROAD TOUR TO CRESTED BUTTE COLORADO 2015

Our Road Tour is a "Private Tour", that is to say it is NOT part of the Official NCRS Tour--- our group, which is presently 7 cars, will be starting out from our home in Bethel Island and ending up in Crested Butte, Colorado.

This is where we meet up with the Official NCRS Colorado Chapter Tour-- that is where all NCRS badges, hats, information will be handed out and the Official Tour begins .

We'll welcome any Aussies to join our Tour or we'll look forward to seeing them in Crested Butte. Also note, that our Tour is spending a day in Moab, Utah renting Jeeps for the day. Unfortunately, I cannot guarantee that our Rentor has any more Jeeps available for that day.

Please direct any questions to me. Because I'm making reservations almost as we speak , I will need attendance commitments ASAP or sooner.

Look forward to seeing you soon.

If you would like to join us please contact me on Email NESSASIV@aol.com

Just so everyone is on the same page, here are the latest details:

2. The above will NOT affect our Tour beginning in Bethel Island on Monday morning, July 13. The maps and detail that I already sent regarding the daily events remains as is unless amended later and you will be advised.

3. Monday night through Thursday night (Moab), I will make hotel reservations for all UNLES you advise that you wish to make your own.

4. Re Sunday night July 12, if you want me to make local Bethel Island hotel reservations, please let me know otherwise we'll expect you Monday morning. There is a Holiday Inn Express in Brentwood, CA and Comfort Suites in Oakley/Antioch, CA-- both these properties are about 10 miles from us.

JIM AND SHIRLEY HORNADAY'S Z06 STORY

For those of you who have attended an Australian National Corvette Convention over the past several years, you probably remember an award that has been presented by the Corvette Harvest of Alabama, for the car that best represents the American Spirit.

Well, the Corvette Harvest, is really, Jim and Shirley Hornaday, and their passion for Corvettes has brought them to Australia 5 times to share the extreme passion of Aussie Corvette Owners.

They have owned over 30 Corvettes and their current collection is a baker's dozen or "13". They took possession of their latest on December 10, 2014 in the form of a new 650 Horsepower Z06 Coupe.

In America, they have the tremendous opportunity to have their car delivered at the National Corvette Museum and in their case, they elected to walk the car down the assembly line, which happened on the 17th and 18th of November. Projections were that the first Z06's would not be released until some time in January, but as new Z06's began to stack up in the back of the Assembly Plant, the decision was to begin releasing them on 29 November. At that time, there were approximately 1100 new Z06 Corvettes in waiting. With the backlog, Jim and Shirley were able to take delivery on December 10th

Jim had previously owned a 2006 Z06 and describes this car as "near supersonic! The pull of the supercharger just never quits."

Jim's car was built to match Shirley's 2014 Stingray Convertible, which is also Laguna Blue with an Adrenaline red interior.

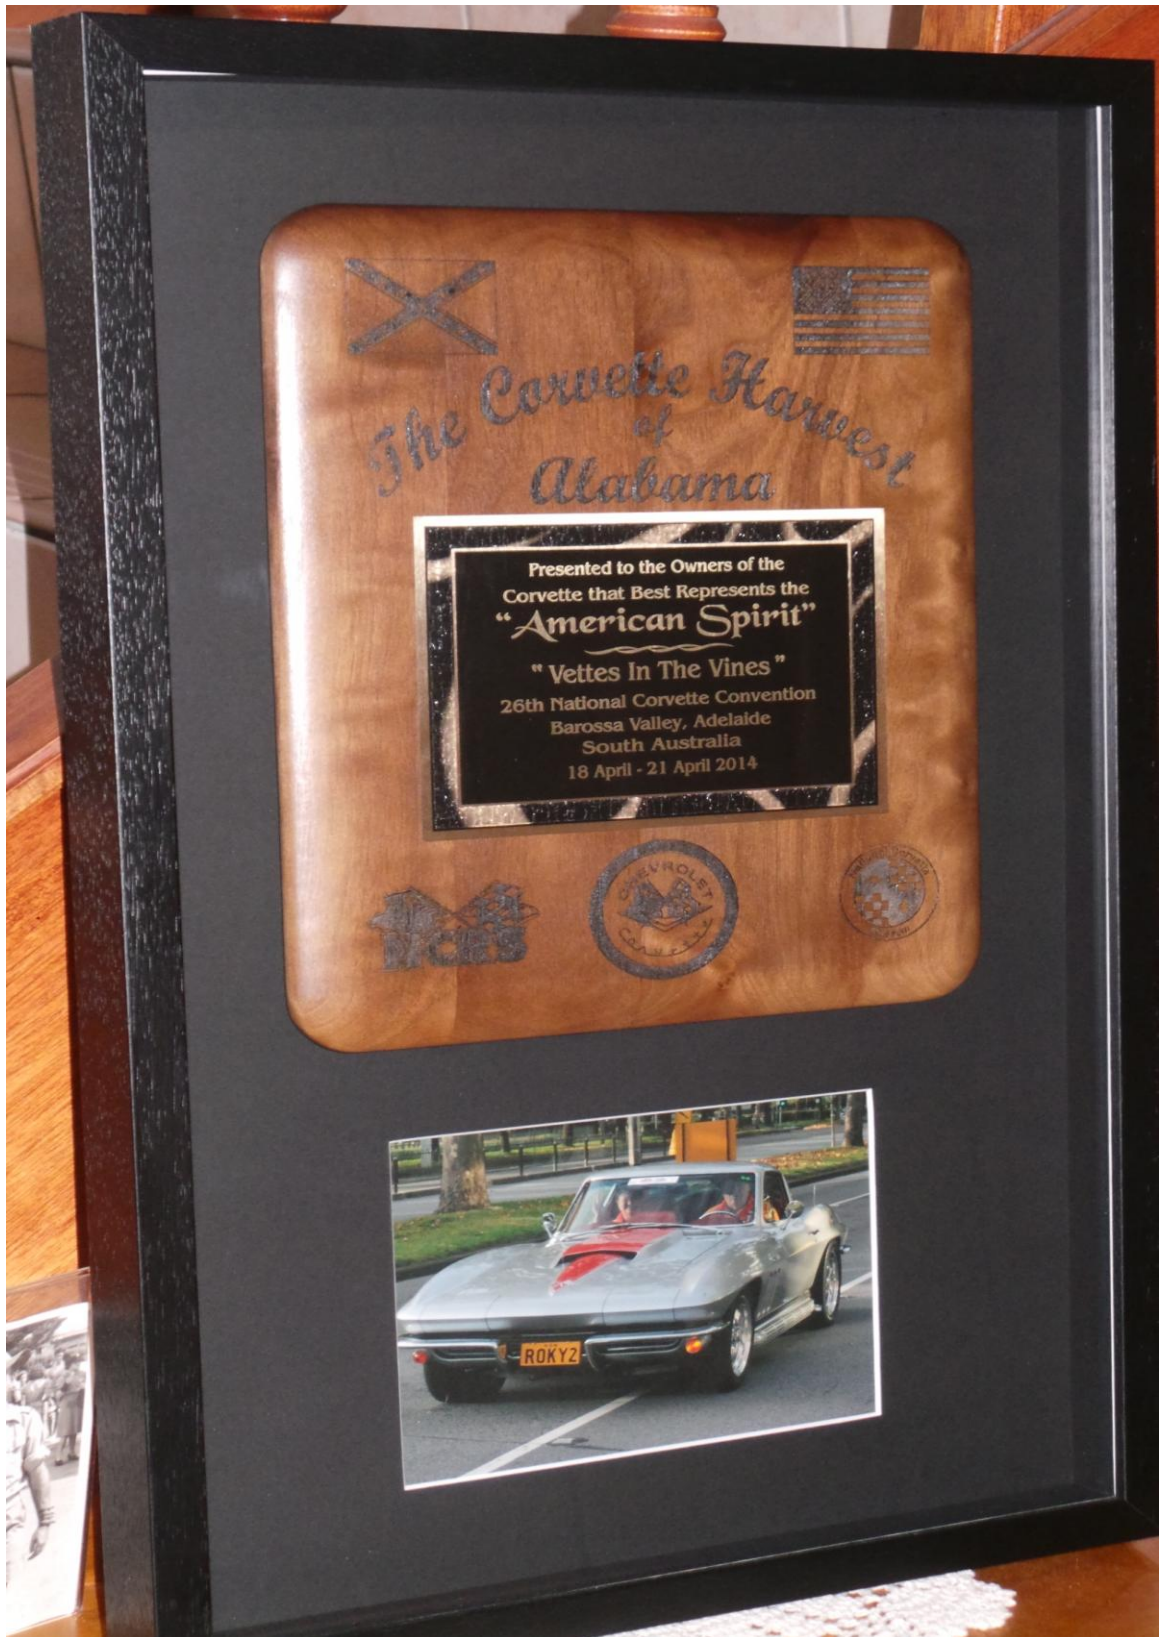

Attached are some photos of Jim and Shirley with their new addition.

JOSHUA DOWLING
NATIONAL MOTORING EDITOR
joshua.dowling@news.com.au

THE iconic Chevrolet Corvette sports car could be heading for Holden showrooms to become the brand's hero car once manufacturing comes to an end in 2017.

The boss of General Motors' international division, Stefan Jacoby — the man who in December 2013 made the call to close the Elizabeth assembly line — told Australian media in Detroit that Holden will have a "halo model" after the V8 Commodore dies.

Mr Jacoby stopped short of confirming which car it will be, but there are only two V8 performance vehicles in the GM line-up that could possibly fit: the new Chevrolet Camaro or the next version of the Corvette.

However the Corvette is tipped to be the favourite given that the new Camaro

has not been developed for right-hand-drive, whereas the timing of the Corvette's model changeover works in Australia's favour. The other option, the Cadillac V8, will not fit a steering wheel on the right-hand-side of the car because the engine is such a tight fit.

"We will bring a true sports car to Australia for the brand Holden," said Mr Jacoby. "It will be something which fulfils the requirement of a true Holden sports car."

Beyond that, Mr Jacoby was coy about giving any further details other than it will be a V8 and arrive in 2018.

This means that although V8 versions of the homegrown Ford Falcon and Holden Commodore may be reaching the end of the road, both will be eventually replaced by iconic US muscle cars.

Ford is due to release the Mustang at the end of this year priced from \$50,000 while the

Corvette is not due in Australia showrooms until 2018, the year after the Holden factory closes.

There is one catch however. The flagship version of the Corvette will likely have a price close to \$100,000 — the same as a current HSV GTS sedan — by the time exchange rates and shipping costs are taken into account.

Nevertheless, the news will be a relief to revheads because Holden was facing a future without a V8.

The next Commodore is a front-wheel-drive fleet sedan from Germany with a choice of four-cylinder or V6 power — just like the Toyota Camry.

At the unveiling of the

current Chevrolet Corvette in Detroit in January 2013, the then boss of General Motors Dan Akerson told News Corp Australia the sports-car would be made in right-hand-drive and would be coming to Australia "soon".

But less than 24 hours later his second-in-command Tim

Lee said: "I have no idea what [General Motors CEO Dan Akerson] said but we have no plan to put a right-hand-drive under that bonnet."

"The Corvette is a Chevrolet, it's not a Holden, it never will be, next question."

But at the same time, the chief engineer of the new

Corvette, Tadge Juechter, said: "We want the Corvette to come to Australia."

"I get letters from Australia all the time."

"Our primary competition sells left- and right-hand-drive, so that's what we want to do. Our plan is to make this a truly global car."
